

SHIBACASH

LITEPAPER

WHAT IS SHIBACASH?

Did you miss your chance on SHIBA INU?

ShibaCash is a community based DeFi project which was fair launched on Binance Smart Chain in May 2021.

It aims to bring instant rewards to holders with deflationary tokenomics and static reflection.

SHIBACASH VALUES

COMMUNITY

ShibaCash is a decentralized project which means it is ultimately owned by the community. This means we encourage holder contribution towards marketing, community engagement and development.

TRANSPARENCY

We always aim to maintain transparent and open communication with our holders, so they are always informed about current and future direction of our growth.

TRUST

Trust is essential in the world of cryptocurrency, and it is something we take seriously. This means not only providing transparency, but security as well. We've burnt our liquidity tokens so they are locked forever, and have invested in security audits of ShibaCash's contract code.

WHY SHIBACASH IS SAFE?

SHIBACASH is fully vetted and rug-safe!

CONTRACT OWNERSHIP

The contract has been renounced to the
0x00
address after creation.

BURNT LP TOKENS

100% of the liquidity pool tokens were burnt, which makes them untouchable forever!

FAIR LAUNCH

All tokens were released into circulation as a fair launch, this means no reserved tokens or big developer wallets!

CONTRACT AUDIT

Our contract has been audited by TechRate and was confirmed as 100% safe with no vulnerabilities!

TOKENOMICS

CONTRACT ADDRESS

0x7e4e3ba4675c39ff2863073e171b0a2e93a592e0

- Token supply: 500 Trillion
- Initial burn: 325 Trillion (65%)
- Circulating supply: 175 Trillion (35%)
- Symbol: SHIBACASH
- Decimals: 9

AUTOSTAKING

ShibaCash has an autostaking mechanism which gives holders instant rewards!

There is a 10% transaction fee which redistributes proportionally to all holders.

TRANSACTION FEE BREAKDOWN

- 5% redistribution to holders
- 5% automatically added to liquidity pool

FUTURE PLANS

LEASHCASH

To expand on our ShibaCash ecosystem we will be introducing LeashCash.

LeashCash will allow holders of ShibaCash to benefit from staking rewards, allowing them to earn even more passive income.

Our aim is to enable more incentives to diamond hands through the wild ride of development.

A portion of all fees from LeashCash will be used to help fund our Investment Wallet allowing us to continue the expansion and use cases for ShibaCash!

CHARITY DONATIONS

Following deployment of LeashCash we plan to implement a charity donation wallet to raise funds for dog rescue shelters in need of support!

USE OF RAISED FUNDS

Funds contributed by our community will go towards three things:

- 1) Marketing
Hiring social media influencers, digital advertising, real-world promotions
- 2) Exchange Listings
Increasing our reach by listing on new exchanges to reach new audiences
- 3) Product Development
Executing our roadmap and expanding the SHIBACASH ecosystem
